# America's Unfairness Crisis

America is mired in a chronic, pervasive political crisis with horrible economic, social and environmental consequences. This crisis poses an urgent threat to American democracy.

**Extreme selfishness** is at the core.

"That's not fair! I'm frustrated and angry. Are you?"

Of greatest concern is **SELFISHIANS INC.**,

an **oligarchy** of establishment mega-corporations that **dominates** American politics and government.

Its members **lust for wealth, power and influence.**

They use a wide variety of **unscrupulous** methods, legal and otherwise, to gain their own lopsided advantages, at the expense of us all and the general welfare.

Their behavior is hastening the sixth great extinction of life on Earth. This is the greatest concentration of **cold, heartless selfishness** in history.

This is reality, not sci-fi!

**SELFISHIANS INC.** can and must be nonviolently overthrown!

But how?

By **fairisher Americans** uniting!

# Are **you** a **fairisher** American?

A fairisher American...

...is guided by fairness

...knows that fairness is a range, not a point, therefore fair-ish.  
...strives to become more (rather than less) fairish, or fair-ish-er.

Any American can be or become fairisher,

**EXCEPT** those who are

**SELFISH**, unfairly favoring themselves at the expense of others,

or **otherish**, unfairly favoring others at their own expense,

(i.e. by not utilizing their right to vote)

and choose to remain that way

even when they've become aware of their folly.

A fairisher AMERICAN may be of any age, gender, race, ethnicity,  
religious/spiritual preference, economic status,  
sexual or political orientation, or anything else,

**EXCEPT SELFISH** and/or **otherish**.

If you, like a majority of Americans, consider yourself fairisher,

Please consider joining the **fairisher Movement**.

**Fairishers** are leading a nonviolent political **Movement** to overthrow the **SELFISHIANS** who are ruining America and the world. To succeed, we must awaken, activate and inform **the otherish majority**, the roughly half of eligible voters who don't even vote (over 90 million).

"What difference is my single vote going to make?" one may ask.

Every vote counts. Combine yours with **many millions**, that's a **revolution!**

**So, don't be otherish!**

**Don't let SELFISHIANS DOMINATE!**

**Join the fairisher Movement!**

Get informed, activate, register, vote

**for fairisher candidates with fairisher policies,**

(regardless of their political party, affiliation or label),

**who can actually WIN!**

**And encourage others to do the same!**

A movement needs a leader who understands the adversaries.

We need savvy fairisher candidates for president, or at least one!

# Wanted: Presidential Candidate(s)

Disgruntled electorate seeks authentic, genuine mature adult(s)

(not a toddler, kid or teen posing as one)

to lead a nonviolent fairisher revolution to regain control of the government

by reigning in **SELFISHIANS INC.**

Candidate must be...

...a person of integrity

...honest, truthful, trustworthy, credible, caring and balanced

...a true populist - not a corporatist in sheep's clothing

...a progressive - not a regressive or aggressive

...an experienced realist who...

...understands whenever fairishly possible, cooperation supersedes confrontation.

...embraces science for the truths and guidance it offers.

...can do the math! and the social studies too!

...respects individual liberties, social inclusiveness and justice.

...is a fiscally responsible pragmatic visionary.

Check the candidates.

Who rings true as a fairisher?

Offer your encouragement and support.
